WORK EXPERIENCE

United Merchandising Group, Vernon, CA

Imports Assistant Buyer

September 2023 – August 2026

- Oversaw the end-to-end product lifecycle by managing sourcing, product development, production, international logistics, and e-commerce launches to deliver products that meet quality standards, customer requirements, and delivery timelines.
- Supported a diverse portfolio of seasonal decorations, party supplies, everyday craft products, and artificial floral merchandise, supplying to leading discount retailers and international distributors while contributing to the launch of seven new product categories.
- Analyzed landed costs by evaluating product pricing, freight, duties, tariffs, and import expenses to support accurate costing and profitable purchasing decisions.
- Compared vendor quotations and negotiated pricing under management approval to improve costs and purchasing terms.
- Manage sample requests, track production milestones, coordinate packaging and artwork approvals, and communicate with overseas manufacturers to ensure finished goods met approved specifications.
- Lead the implementation, launch, and continuous optimization of the company's Shopify e-commerce website by partnering with developers to translate business requirements into technical solutions.
- Introduce process improvements that enhanced website performance and streamlined backend product processing to improve the online shopping experience.
- Maintained accurate specifications, pricing, merchandising content, digital assets, and product data for a catalog of more than 10,000 SKU's.
- Produced product photography and digital marketing assets using Adobe Photoshop and Illustrator to support e-commerce merchandising, packaging, promotional campaigns, and brand consistency.

In-n-Out, Los Angeles, CA

Associate

October 2019 – September 2023

- Executed daily operational workflows by adapting to changing customer demands, resolving operational challenges, and maintaining efficient service, order accuracy, and quality standards during high-volume shifts.
- Resolved customer concerns by analyzing issues, identifying effective solutions, and escalating complex matters when appropriate to maintain customer satisfaction and operational efficiency.

U.S. Census Bureau, Los Angeles, CA

Phone Banker

August 2019 – September 2020

- Collected and verified household demographic data by conducting interviews across the Los Angeles area while ensuring data accuracy and compliance with federal standards.
- Exceeded participation goals by increasing survey completion from 6 to 60 participants, demonstrating strong communication, adaptability, and relationship-building skills.
